

# Transfer pumps for direct supply from original containers

## Technical data

						
Basic version		TP20 505.05.30	TP60 505.05.31	TP200 505.05.32	TP200 505.05.82	FP300
Pressure ratio (drive)		21:1		7.6:1		11:1 / 23:1 / 37:1
Flow rate (at 20 double strokes)	l/min	0.80		2.24		6.00
Material viscosity	mPas	50.000				
Working pressure (max.)	bar	100 (160)			50 (80)	250
Air consumption (at 20 double strokes) (drive 10:1 / 30:1)	l/min	142				450 / 900 / 1400
Height retracted	mm	917	1150	1438	1438	1040
Pump length	mm	339	577	860	860	600
Weight without container	kg	13.2	14.9		38 / 42 / 46	
Maximum container height	mm	339	577	860	860	-
Maximum container size	l	20	60	200	200	-

### Comment:

The container change can be facilitated with an optional pneumatic cylinder.
